

Benefits of Volunteer Services

You can actually maximize the return on your investment and make the greatest positive societal impact by integrating community engagement and the Employment Services volunteer programs within these efforts. Join other socially responsible organizations by enriching the lives of others and building a stronger community. Become a leader in community efforts and enjoy the rewards of a better world. By signing on to provide opportunities for Employment Services volunteers to enhance skills, learn your industry expectations, and obtain valuable experience that will eventually pave the way to their success—increasing their knowledge and expanding their horizons to reach new heights. You are making their future brighter, and your company stronger.

About the Employment Services Volunteer Program

Volunteer Services is an opportunity for our customers to gain new skills in their pursuit of self-sufficiency while giving back to the community. Your organization has been selected to help our customers achieve this goal.

Why Choose Riverside County's Volunteer Service?

We will pre-screen our volunteers to fit your needs and requirements. Utilizing a free community program such as Employment Services Volunteer Services will save you time and money. This is an opportunity to

Think outside the box...use us to test your staffing needs.

possibly test new positions at no cost, to increase your community involvement, and to grow your business with minimized risk and commitments.

Let us find the right volunteer for your organization ...at no cost to you!

Riverside County Employment Services will assess and select volunteers for your organization based on your pre-screening requirements or administration testing. Our customers are pre-selected based on skills, experi-

ence, education, and a passion to learn. They share our Work First Philosophy. We will monitor their progress and provide mentoring services to increase their potential for success.

Riverside County's Employment Services Volunteer Services program can be tailored to fit your needs. If in the future you have a paid position open, you can test our volunteers prior to hiring and save HR costs. If your volunteer qualifies, you may be able to take advantage of the Work Opportunity Tax Credits to help offset future salary expenses.

Contact your local Community Resource Liaison today for more information.

Worried about

Workers Compensation?

Don't be, because....

Volunteer Services participants are covered for Workers' Compensation benefits through the California Department of Social Services (CDSS) under a contract with the State Compensation Insurance Fund (SCIF). SCIF can be reached at:

Sacramento State Contract Office

P.O. Box 659011, Sacramento CA 95865-9011

Sacramento CA. 95865-9011

Or go on line to:

<http://www.scif.com/.claims/Index.html>
